Providing Health Plan Members Access to the Largest Proprietary PPO Network in the Nation

Savings and Access

Through **PHCS *Healthy Directions***, we offer your health plan members access to providers and facilities nationwide. With **PHCS *Healthy Directions*** we considerably lower your health care claim costs by actively directing your members to our extensive Network, which allows you to take advantage of our negotiated rates. This results in significant savings for you.

Nearly 16 million people have access to our national Network, which gives health plan members unprecedented choices of health care providers across the country. So no matter where your members travel outside of your service area, they have access to a quality network of providers belonging to the largest proprietary PPO in the nation.

Quality

You also experience peace of mind knowing that your members have access to the Network widely recognized as the quality leader. We are the first and only national PPO to earn four endorsements of quality from two independent, nationally recognized quality assurance organizations; the National Committee for Quality Assurance (NCQA) and URAC. This underscores our commitment to setting and exceeding quality standards for health care cost management and ensures that you are making the quality choice.
